

Elisabetta Maria Salimei

BRIEF CURRICULUM

Cultural background: classical studies (Gymnasium-Lyceum G. Parini, Milan).

Academic training

B.S. cum laude, University of Milan (I), Faculty of Agriculture Sciences (1978-1983)

PhD Animal Science, University of Milan (I), Faculty of Veterinary Medicine (1986-1989)

Fellowship for research program on animal productions (Institute of Zootechnical Sciences, Faculty of Agriculture Sciences), Chamber of Commerce, Industry, Craft trade and Agriculture of Milan (I) (1985-1986).

Fellowship for research program on animal productions (Institute of Zootechnical Sciences, Faculty of Agriculture Sciences), Confalonieri Foundation Milan (I) (1986-1987).

Fellowships for research program on ruminant nutrition (prof. P.J. Van Soest, Cornell University, Ithaca, NY USA), National Research Council (Rome, I) (1991, 1992).

Post Doc in horse milk production and equine nutrition, University of Milan (I), Faculty of Veterinary Medicine (1991-1993)

Main professional activities

1990-1991 Contract Professor, course "Ruminal ecosystem: scientific advances and their implication in ruminant nutrition", Faculty of Veterinary Medicine, University of Messina (I).

1992-1993 Contract Professor, course "Computer science applied to zootechnical systems", Faculty of Agriculture Sciences, University of Molise (I).

1993-1994 Contract Professor, course "Nutritional evaluation of feedstuffs and byproducts", Faculty of Agriculture Sciences, University of Molise (I).

1994-1998 Researcher, University of Milan (I), Faculty of Veterinary Medicine, Institute of animal nutrition. Herbivores nutrition research program and assistant teaching.

1998- present Associate Professor of Animal Nutrition, University of Molise (CB, I), Dept Agriculture, Environment and Food Sciences (former Faculty of Agriculture Sciences). Component of Ministry of University and Faculty/Department Commissions.

1998-2003 Contract Professor of Animal Nutrition, Faculty of Veterinary Medicine at S. Benedetto del Tronto (AP, I), University of Camerino (MC, I).

1998-2006 PhD course in 'Animal welfare and quality of animal products', University of Molise, member of the Board.

1999-2002, 2003-2006, 2006-2010, 2011-2014, Nov. 2017- Oct 2021 Tutor of PhD students.

2003-2006 Research project of national relevance (PRIN) "The production of ass's milk, a hypoallergenic food for early infancy", leader.

2005-2008 International Master University of Molise and Universidad de Concepción del Uruguay (Argentina) on "Sustainable Organisation and Management of Animal Production and Environment preservation", Lecturer and Component of the Board for Animal Nutrition.

2006-2008 Board of Directors of University of Molise, member as Associated Professors representative.

2006-2007, 2010-2011, 2012-2013 Contract Professor, short courses on equine milk, Specialisation School in Food Control, Veterinary Medicine Faculty, University of Teramo (I).

2010-2011 School of Food & Nutritional Sciences, University College of Cork (Ireland), PhD Viva voce exam, external Examiner.

Nov 2013 – present (XXXIV cycle) Board of International PhD course on Agriculture Technology and Biotechnology, University of Molise, Component.

Apr 2013- present Board of Joint Courses of Study (levels L and LM) on Agriculture (and Forestry) Science and Technology (L25, LM 69), Component.

Apr 2013- Aug 2019 Board of Joint Courses of Study (levels L and LM) on Agriculture (and Forestry) Science and Technology (L25, LM 69) Commission for Assurance Quality, Component.

Jun 2016-Dec 2017 Project "Development of guidelines for dairy donkeys: good practice principles for sustainable donkey milk production", Component as expert.

Dec 2016-Mar 2019 Erasmus plus project "International University Cooperation on Land Protection in European-Asiatic Countries" (IUCLAND), Member of Board of Directors and Lecturer.

Apr 2017- present ICAR Equid ad hoc Advisory Committee, Component.

Apr 2017 Cyprus University of Technology, Limassol (CY), Faculty of Geotechnical Sciences and Environmental Management, PhD Viva voce exam, external Examiner.

2018-19 Dept consultant for innovation in industrial research (Settore Convenzioni, Contratti e Controllo Qualità, Prot. n. 11439 del 10/05/2018).

Aug 2018 National scientific qualification for Full Professor function in Italian Universities (call DD 1532/2016, 5). Validity period from 06/08/2018 to 06/08/2027.

2018-19 lecturer in Erasmus+ KA107 International Credit Mobility project, partner Agricultural University of Tirana.

Sept 2019 – present Commission for Theses and Internship for the Courses of Studies in Agricultural Sciences (levels L and LM, diAAA, UniMol), Chair.

June 2021 Dept consultant for industrial research funded by MISE Fondo di crescita sostenibile sportello Agrifood PON I&CC 2014-2020 progetto n. F/200121/01-02/X45.

July 29th 2021 – June 9th 2024 Component of the University of Molise Bioethics Committee.

July 14th 2023 – PI of the project 20224L4WSR "Sustainable innovations in equine production of marginal areas (SUNEQUMAR)" funded by MUR as PRIN 2022.

Research interests

Herbivora nutrition as related to animal productions and welfare. Microbiological and physicochemical characteristics of feedstuffs as also related to micro environmental aspects in swine and horse farms. Horse and donkey milk production, as innovative dairy-food chain for sensitive consumers.

Awards

- The paper "Osservazioni preliminari sulla diffusione delle lesioni digitali nell'allevamento bovino da latte in Lombardia in relazione al tipo di razione e alle modalità di somministrazione" by Salimei et al. was officially defined worth of recording by the scientific Committee of the Italian Society of Veterinary Science, in 1990;

- the paper "Produzione quanti-qualitativa di latte di asina: risultati di due lattazioni" by Salimei et al was awarded by the scientific Committee of Italian Society for the Development of Husbandry in 2000.

-awarded for academic and scientific merits (Italian Law 240/2010, art. 29, comma 19), years 2011 and 2013.

Elisabetta M. Salimei, DrAgr PhD

Dipartimento Agricoltura Ambiente Alimenti
