

ELENCO DELLE PUBBLICAZIONI

PUBBLICAZIONI SU RIVISTE INDICIZZATE

- 1) Jiang Q., Palombo V., Sherlock D., Vailati-Riboni M., D'ANDREA M., Yoon I., Loor J. Alterations in ileal transcriptomics during an intestinal barrier challenge in lactating Holstein cows fed a *Saccharomyces cerevisiae* fermentation product identify potential regulatory processes. Accepted on Journal of Animal Science.
- 2) Salvatore G., Chibani Bahi Amar A., Canale-Tabet K., Fridi R., Tabet Aoul N., Saci S., Labarthe E., Palombo V., D'ANDREA M., Vignal A., Faux P. Natural clines and human management impact the genetic structure of Algerian honey bee populations. Accepted on Genetics Selection Evolution.
- 3) Alfaro G.F., Palombo V., D'ANDREA M., Cao W., Zhang Y., Beever J., Muntifering R.B., Pacheco W.J., Rodning S.P., Wang X., Moisés, S.J. Hepatic transcript profiling in beef cattle: effects of rumen-protected niacin supplementation. Accepted on PlosOne.
- 4) Loor J., Lopreiato V., Palombo V., D'ANDREA M. Physiological impact of amino acids during heat stress in ruminants. Accepted on Animal Frontiers.
- 5) Di Iorio M., Rusco G., Esposito S., D'ANDREA M., Roncarati A., Iaffaldano N. (2023). The role of semen cryobanks for protecting endangered native salmonids: advantages and perspectives as outlined by the LIFE Nat.Sal.Mo. project on Mediterranean brown trout (Molise region -Italy). *Frontiers in Marine Science (Marine Biotechnology and Bioproducts)*. 9:1075498.
<https://doi.org/10.3389/fmars.2022.1075498>
- 6) Salvatore G., Palombo V., Esposito S., Iaffaldano N., D'ANDREA M. (2022). Identification of Ancestry Informative Markers in Mediterranean Trout Populations of Molise (Italy): A Multi-Methodological Approach with Machine Learning. *Genes*. 13(8): 1351.
<https://doi.org/10.3390/genes13081351>
- 7) Conte G., Palombo V., Serra A., Correddu F., D'ANDREA M., Macciotta N.P.P., Marcello M. (2022). Study of the Fatty Acid Profile of Milk in Different Sheep Breeds: Evaluation by Multivariate Factorial Analysis. *Animals*. 12(6): 722.
<https://doi.org/10.3390/ani12060722>
- 8) Iorizzo M., Albanese G., Testa B., Ianiro M., Letizia F., Succi M., Tremonte P., D'ANDREA M., Iaffaldano N., Coppola R. Presence of Lactic Acid Bacteria in the Intestinal Tract of the Mediterranean Trout (*Salmo macrostigma*) in Its Natural Environment. *Life* 2021(11): 667.
<https://doi.org/10.3390/life11070667>
- 9) Palombo V., De Zio E., Salvatore G., Esposito S., Iaffaldano N., D'ANDREA M. (2021). Genotyping of Two Mediterranean Trout Populations in Central-Southern Italy for Conservation Purposes Using a Rainbow-Trout-Derived SNP Array. *Animals*. 11(6): 1803.
<https://doi.org/10.3390/ani11061803>
- 10) Palombo V., D'Andrea M., Licastro D., Dal Monego S., Sgorlon S., Sandri M., Stefanon B. (2021) Single-Step Genome Wide Association Study Identifies QTL Signals for Untrimmed and Trimmed Thigh Weight in Italian Crossbred Pigs for Dry-Cured Ham Production. *Animals*. 11(6): 1612.
<https://doi.org/10.3390/ani11061612>
- 11) Palombo V., Alharthi A., Batistel F., Parys C., Guyader J., Trevisi E., D'ANDREA M., Loor J.J. (2021). Unique adaptations in neonatal hepatic transcriptome, nutrient signaling, and one- carbon

metabolism in response to feeding ethyl cellulose rumen-protected methionine during late-gestation in Holstein cows. *BMC Genomics*. 22:280.

<https://doi.org/10.1186/s12864-021-07538-w>
